Overview

As a 4nd year student majoring in computer science, I want to experience and learn in a professional working environment. I look forward to working in the company so that I can apply the knowledge I have and constantly learn to develop myself, as well as complete the assigned work. Developing myself day by day and quickly joining the ranks of the best employees of the company is my career goal.

Work experience

04/2026 – Present

Garena

Software Engineer

- Developed and maintained highly interactive, responsive web interfaces for large-scale Garena game events, ensuring seamless user experiences during high-traffic periods.
